STANDARD FEATURES

- Largest air cabinet in the industry
- 1.5 hp DeVilbiss Compressor
- No Load Valve
- Imonex Coin Mechanism
- High Security System (Lock Rod)
- Quick Connects on all wiring harnesses
- Quick Connects on hose attachments
- 20' of Goodyear Double Wire Braided Air Hose
- Direct Read Air Gauge
- Power ON LED Light
- Plug In Modular Timer

These service oriented and profit producing units are designed to provide quicker tire inflation and easy maintenance.

A versatile air cabinet design to retro fit from FREE AIR to PAY AIR or PAY AIR to FREE AIR.

Provide a needed service while earning substantial profits!

SPECIFICATIONS & DIMENSIONS

- Cabinet size is 12 x19x18
- Laser Cut ventilation holes - provides security & a clean look
- Highest security in the industry - 12 gauge steel rod with Medeco lock
- Height of Air Machine with stand is 50"
- Mount on a concrete pad 3 x 3 with 4" of concrete
- Anchor into concrete with 5 3/8" concrete expansion anchor bolts
- **TURN POWER OFF** during installation or maintenance-TIMER will BURN OUT

We at IDM are consistently trying to work harder to build a quality machine while keeping your cost as low as possible. The Pro 309 Air machine does just that. By combining heavier welds with the construction of 14 gauge stainless steel on the door and 14 gauge stainless steel cabinet the Pro 309 offers you strength while keeping your budget in mind. The Pro 309 also has a versatile air cabinet designed to retro fit from free air to pay air or vice versa.

Innovative Design Manufacturing is proud to show you the next generation of Air Machines. The Digital Air Machine allows you to preset your tire pressure attach the hose to the tire and walk away. The Digital Air Machine will automatically inflate or deflate to your selected tire pressure. After the selected tire pressure is reached, the Digital Air Machine will give three loud beeps and the display will flash the psi reading to allow you to move to the next tire to repeat the process.

Standard Features

- **Devilbliss 1.5hp Compressor**
- **25 Foot Air Hose**
- **Medeco Locking Systems**
- **Imonex Coin Mech**
- **Digital Display**
- **Audible Alarm**
- **Flat Tire Inflate Button**
- **Digital Coin Counter**
- **Easy to Read Picture**

Instructions

- **Quick Disconnects on all Wiring**

IDM is proud to introduce an Air machine with a locking system like no other. Our engineers have spent countless hours designing a tire inflator that you can feel safe installing even in the worst of neighborhoods. We are confident that the Pro Plus is the ideal solution for situations where you just cannot compromise on security.
